## No. 2 on Primary Road List 1st in Urban Rehab Works

At a scheduled meeting of the State Road Board in Ft. Lauderdale, Tuesday, PB County Commissioners submitted a list of requests with priorities indicated, that placed State Road No. 80, South Bay to Military Trail, 40 miles as second on a list of three in priority number one for Primary Roads.

Governor Burns' Urban Highway Program, for which Belle Glade is the only city in the County of over 10,000 population to qualify, finds Belle Glade being recommended for three projects (1) State Road No. 80 1.6 miles without specifications as to location providing for four-laning, municipal construction; (2) Same specifications on US 441, SR No. 15, 1.3 miles, to Airport Road; (3) level and resurface State Road No. 711 thru city, 1.0 mile.

Mayor Bill Bailey urged the construction of 80, especially that part thru the city, as the City has applied for participation in the Urban Highway Program. City Manager Hugely and Commissioner LeBarron Williams were officially at the meeting, as was City Attorney Baker.

Commissioner Weaver appealed for serious consideration of the proposal for 80. Amos Jackson, President of RDB added the appeal of that group with wide support throughout the county for consideration of SR No. 80.

Mayor Al Avery of Delray Beach stated emphatically that "State Road No. 80, with its killy record to me is the number one priority road in the County."

John Cater, Jr., of the Merchants Association of West Palm Beach added the endorsement of that group to those favoring SR No. 80.

### ANOTHER ACCIDENT ON 2-LANE 80

A late Tuesday night collision between a loaded Atlantic sugar cane truck and a pickup truck operated by Carl Parker of Miami overthrew the truck and spilled loose cane on State Road 80.

A tank truck loaded with diesel fuel smashed into the wreckage, overturned, and added slippery diesel fuel to the debris on the roadway.

Traffic was blocked for 44 several hours. Parker suffered leg injuries, and was taken to the Belle Glade Hospital. No other injuries were reported. The accident occurred at about nine-mile bend.

THAD WHIDDEN

### Old-Timer Thad Whidden Dies Of Heart Ailment

Thad Whidden, 62, a well known attorney in Pahokee for 35 years, died last Friday while at a hunting lodge near Orlando, apparently from a heart attack. He had accompanied a group of local men to Magnolia Ranch, 25 miles south of Orlando on property belonging to Terry Cattle Co.

A member of the party reported Whidden, who had cut some swamp cabbage returned to a camp building and complained of indigestion. When he died of a heart attack, he was rushed to Orange Memorial Hospital, Orlando, where he was pronounced dead on arrival.

Mr. Whidden and his wife, Amy, resided at 302 Adams Ave., Pahokee. Other survivors include a brother, Griffin Whidden, 40-year-old, one sister, Mrs. C. Sasser, Wauchula and a nephew, Lawrence Whidden, Tampa.

Mr. Whidden came to Pahokee in 1931 from Wauchula. He was affiliated with the Baptist Church and was a member of the Pahokee Elks Lodge and had been a member of the Rotary club for 18 years.

Don Adams of Canal Point has been associated with Whidden in his law office 161 S. Lake Ave., Pahokee for the past two years.

### Governor Burns Speaks At Rec. Area Dedication

Plans for the dedication of a major public recreation concession, in the Everglades about 20 miles west of Ft. Lauderdale, were announced Friday at a meeting of the Central and Southern Florida Food Control District.

Gov. Haydon Burns will be the principal speaker at 2 p. m., April 3, the FCD Governing Board was told at Clewiston.

The new site, third large concession opened under the FCD recreation program, is located on the east side of U. S. Highway 27, about two miles north of Andytown. It provides access to 210 square miles of wilderness and canal systems in the interior of Conservation Area 2. It is operated by Sewgrass, Inc. and is known as FCD Recreation Site 2.

Free boat launching, picnic facilities, parking, and restrooms are provided in accordance with District policy. In addition, the concession offers rental of boats and motors, sale of bait and tackle, food and refreshments.

In January, a crowd estimated near 10,000 persons, turned out for dedication of another similar concession, Everglades Holiday Park, located about five miles south of Andytown, on the west side of U. S. 27. The Board was told by John Streth, FCD Recreation Director.

### Red Cross Drive Scheduled April 1st

Belle Glade Chairman solicited from corporations and special business complete formation of his firms operating in the area. Committee of workers is with the door-to-door campaign, with the assistance of Joe Levitt, as Co-week of April 4th.

Captains are being appointed, and workers are needed to enable teams to cover the assigned area in short order, so that time-consuming canvasses will not be necessary by any one team or individual.

Special donations are being solicited.

Chairman Bowen of the State Road Board (standing) acknowledged great satisfaction in "knowing and working with citizens who demonstrate interest in public expenditures, such as this group."

### Refreshing Officials

Board member Chelsa Senerchia was as expressive as the Chairman in sincerity of purpose to "do what we can with what we have in hand." "Some other method of providing funds for the much-needed road improvement, MUST be had."

### South Bay Commission Busy

South Bay City Commissioners heard at their regular meeting Monday night that the city has not been

able to collect treated and "fine and cost" bonds in the total amount of \$1,000.00 from Malcolm C. (Buddy)

Collins, Belle Glade bail bondsman.

Under state law bail bondsmen have 90 days in which to pay the city for "fine and cost" bonds, and 30 days in which to pay re-created bonds. They have one year to bring the person in, and get their money refunded by the city.

The "fine and cost" bonds date back to September and October of 1965, and the estimated bonds back to May of 1965. Efforts to collect the money over the past 60 days have not been successful. Commissioners were told, Mr. Collins is not listed by the State of Florida as a bail bondsman, although he does hold a power of attorney for such work issued by the Prefecture Municipality.

### Jimmie Williams Resigns School Board Position

James E. Williams, 104 N. W. Ave. D, Belle Glade, announced Friday, March 11 that he was resigning from the Palm Beach County Board of Public Instruction, effective April 30, 1966, following a ruling from the Attorney General that the Board past conflicted with his position as State Vocational Consultant.

Jimmie Williams' keen interest in the Glades, is indicated in his support of the School Board decision to locate a vocational educational facility in the north part of the county, with the hope that it that one is successful one may be located in the Glades.

He was a building contractor in the Belle Glade area prior to his appointment to the vocational education position.

Williams was elected to the Board of Public Instruction in November of 1964, and began his duties in January of 1965. At the time of his appointment, the vocational education post it was not thought that it would conflict with his position of Public Instruction job. Later Mr. Thurman Bailey, assistant director of the vocational education division, requested a ruling from the Attorney General when the question of conflict was raised. On receipt of the opinion, Williams tendered his resignation to Bailey at the latter's office in Tallahassee, citing that his duties in vocational education would cause him to be absent from Palm Beach County for long periods of time.

I have no immediate plans to relocate my family, and will continue to call Belle Glade 'home' for some time to come," Jimmie stated Monday in Belle Glade.

"My successor will be appointed by the Governor, and will hold office for the remainder of the four-year term."

### Glades Sugar Employees Break Two World Records

Management of the Glades Sugar House reports that on Monday, February 14th, 10,132 tons of cane were ground, and on Tuesday the 15th, 10,113 tons were ground.

Both days, we are informed, broke all known records of one day's grinding on a single tandem mill, despite a 30-minute down-time during Monday's operation.

There were 528 over-the-road truck loads of cane and on Tuesday there were 520 loads used, or an average of approximately 8.5 round-trips per truck.

From the Chief engineer down to the floor sweepers, the mill and field employees were clicking each to his own job with enthusiasm and efficiency.

THE HERALD, and we are sure all of the Glades, feel proud of the spirit energy and pride of the workers that made these two world's record-breaking days of grinding.

BILL BAILEY

Included in the request for Primary Road System are SR 15 — 4 lane bridge over the Hillsboro and four-lane 0.7 mile; SR 15 from south limits of Pahokee to SR No. 700 at Canal Point, level and resurface.

The great effort of Glades citizens, backed up by RDB and the Merchants Division of the West Palm Beach Chamber and others so far has produced something — it may be confusion and uncertainty.

### No Arrests Yet In Police Shooting

South Bay Chief of Police Oscar Senecal is continuing his investigation into the March 8 shooting of two South Bay police officers. "We have made some progress but no arrests have been made yet," Chief Senecal said.

Patrolman H. B. Pitts and Auxiliary Patrolman Edwards were patrolling South Bay in a police squad car when a rifle shot from ambush seriously wounded Edwards and inflicted minor hand wounds on Patrolman Pitts. "Edwards is getting on fine," Senecal reports. "He was released from the Hospital Tuesday and is convalescing at his Uncle James Penny's home in Lake Harbor."

### Florida Sugar Grinds Out

SEASON'S END — Chief Engineer P. M. Herrera of Florida Sugar operation, yells "All Through" as he turns the switch on the '65-66 cane-grinding activities.

Florida Sugar completed its 65-66 grinding season Friday with a total season's grinding of 177,000 tons of cane, and 14,000 tons of raw sugar fabricated, during the 97 days of operation.

The average number of employees during the season is 650, with 350 being off-shore laborers. During the summer, approximately 123 will be necessary to maintain the operation.

The liquid sugar department keeps approximately 25 buses the year round. According to figures generally accepted in the area the Florida groups sugar operation for the year generates more than \$600,000 in wages and payrolls, though these figures are not official.

# Editorials

## A LIFT FOR EVERYBODY

With an invested value of near \$150 million, producing an annual crop valued at more than \$50 million, and producing an annual payroll of \$22 million, Glades Sugar operations make up a major industry in anyone's language anywhere.

These figures serve to reiterate the fact that private industry — agro-industry, if you please — producing everyday table needs is a prime source of America's economy.

Glades farmers and their industries have abreast of the times in automation, with monthly improvements and refinements, has an ever-increasing demand for labor at top agricultural wages, and yet furnishes the American public these foodstuffs at prices far below the average of other family 1 ds.

The Glades other great Agro-industry — winter vegetables — also brings from the ground daily table necessities with a greater annual payroll, and an equal annual economic value.

More than two score varieties of winter vegetables, beef and sugar — all daily table needs — give the Glades as stable an economy in staple items as any industrial area.

Glades farmers have always opposed subsidies and Glades crops are produced by private industry without a funnel into the taxpayer's money.

For those who refer to compliance payments on sugar as a subsidy, it is interesting that since the establishment of the sugar program hundreds of millions have been returned to the general treasury over the payments made to growers. Sugar generates its own processing fees.

## Uncle Dan From Doolie Says:

DEAR MISTER EDITOR:

I see by the papers where some feller in the Congress says the country was going bankrupt if Lyndon didn't git the Government out of the "boondoggle" business. I ain't too shore what boondoggle means and ain't had time to go over to Ed Doolittle's and look it up in his dictionary, but I git the message loud and clear.

This Congressman allows as how we can't win the war in Viet Nam and finance the Great Society and the boondoggle business all at the same time. He reported, fer instans, we had just finished up one \$57 million boondoggle operation.

Back in 1956, he said, the Atomic Energy Commission discovered that England had a gas-cooled reactor in their nuclear program and we didn't have none. This would never do, they claimed, and we had to git one fer our side. They told the Congress they could git the job done fer \$50 million and work started on the project in 1959 and it was supposed to be finished in 1962.

Well, last week, reported the Congressman, it was 1966 and the atomic boys had spent \$57 million and announced they was abandoning the project on account of it would cost another \$30 million. Furthermore, they reported, they had found gas-cooled reactors wasn't worth nothing now.

I don't know no more about a gas-cooled reactor than a Jersey

bull knows about prayer meeting, but if this was what they call a "boondoggle," then them Government agencies has been boondoggling the taxpayers dizzy fer years. Furthermore, I don't see no cure in sight fer it, so I figger Lyndon had better put the brakes on the Great Society deal till we git the Viet Nam business over with.

Incidental, Mister Editor, speaking of "boondoggle," it's gitting to the place where a ignorant feller like me has a hard time understanding anything in the papers anymore. I was reading yesterday where the U. S. Health Department was referring to newborn babies as "junior citizens" and their mothers was "maternal custodial supervisors." Sometimes I feel just like going down to the barn and having a old-time, sensible conversation with my bogs.

Last night some feller from a big New York bank was on a television panel and he reported Lyndon's fiscal policy could be dangerous fer the national economy if this went the wrong way. He said handling money nation wide was a very tricky business and they was times and situations when "something can be nothing and less can be more."

How do you like that kind of talk, Mister Editor? I just took me a couple aspirins and went to bed.

Yours truly,  
Uncle Dan

SECONDARY BOYCOTT IS WHERE A UNION FORCES ONE EMPLOYER TO STOP DOING BUSINESS WITH ANOTHER EMPLOYER. IT'S ILLEGAL TO DO THIS NOW, BUT THE SICKLES BILL, H.R. 10027, WOULD MAKE IT ALL RIGHT FOR THE BUILDING UNIONS TO DO THIS. A SECONDARY BOYCOTT TOOK PLACE RECENTLY AT THE ST. LOUIS GATEWAY ARCH JOB.

WELL, IT WAS IN ALL THE PAPERS AND ON TV. THE DEPARTMENT OF INTERIOR INSISTED ON A FAIR EMPLOYMENT POLICY. WHEN A SMALL PLUMBING CONTRACTOR, NAMED ELIJAH SMITH, BROUGHT SOME NEGRO PLUMBERS ON THE JOB, ALL THE AFL-CIO BUILDING UNIONS WALKED OFF. THEY WANTED TO GET RID OF SMITH AND HIS EMPLOYEES WHO BELONGED TO AN INDEPENDENT UNION.

## Engagement Announced

The engagement of Miss Sharon Kaye Haukcomb to James F. Veal is announced today by her mother, Mrs. Katie Haukcomb, of 1401 N. W. Ave., D. Belle Glade. Miss Haukcomb is attending school in Belle Glade and will complete her education this summer.

## Comedian Jack Benny Signed For Last Week At Playhouse

Frank J. Hale will have a smashing send-off for his ninth theatrical season at his Royal Poinciana Playhouse, for he has signed Jack Benny for his last week, which is March 21st through March 28th. Mr. Benny's show is entitled "An Hour and Sixty Minutes with Jack Benny" and it introduces a lovely new songstress also, Pat Woodell.

Mr. Benny, who has breezed past 70 without having reached 40, is known by millions in a long, headlining career, but has, and always will, retain a piquant freshness. Aside from Miss Woodell, bright young star of TV's "Petitot Junction," Mr. Benny will be assisted by Rolf Barnes at the piano. The production is staged by Irving Fein.

## Garden Club Enjoys Visit To Beautiful Burr Gardens

A tour of the Burr Gardens was the highlight of the Garden Club meeting conducted last Thursday afternoon at 3 p. m.

Mrs. R. S. Burr, welcomed the members and guests of the Club and conducted them on a tour of the Gardens, where she and her husband grow many beautiful flowers, some of which were in full bloom, also

various plants and orchids. She told of the work they are doing including the growth and cultivation. After the tour the group was served punch.

Preceding the tour a brief business meeting was held at the Clubhouse with Mrs. J. P. Halbrook, Jr., presiding in the absence of Mrs. Newell Gaskill who came to the meeting, but was called to Miami by the critical illness of her husband's mother.

A nominating committee was elected composed of Mrs. Richard Hodges, Mrs. D. C. DeHaven and Mrs. Mary McLendon. There was also a discussion on installation of officers to be held May 17 instead of May 12 as appears in the year book.

The group also talked about the April 14 meeting which will feature guest day at the Civic Center.

Delicious refreshments of Cheese cake topped with cherries was served by the hostesses Mrs. P. C. Pestenden and Mrs. Ivan Van Horn.

All of the club members including two new members, Mrs. Chas. Jones and Mrs. Geraldine Robinson, and a guest, Mrs. F. C. Markham, enjoyed the lovely tour and the meeting.

On Saturday evening Mar. 19, Mrs. G. G. McWhorter will be hostess for the Chapter's Girl of the Year Party.

Mrs. Cross and Mrs. DePamphilis presented the program on "Learning Friendship and the Good Life."

The comedian runs the entire gamut in his show. Whether performing Schubert's "The Bee" hotting it up with piano and combo for "Sweet Georgia Brown" or doing his inimitable duet of "Getting To Know You" with Gwen Heller, a brilliant 14-year-old violinist, Mr. Benny's music is fun.

In "One Hour and Sixty Minutes" Benny packs in a lot of jokes, stories in and "out of school" and wry commentary that helps further his image as a miser.

Mrs. Susie Ogle plans to return to Belle Glade on the 20th and will visit here for a while before leaving for Toledo, Ohio.

Refreshments consisting of shrimp, fruit, sandwiches, potato chips, punch, and cake were served to over two hundred guests attending.

Guests were greeted at the door by Jackie Baughman and Wayne Corbin who presented them with colorful leis. Mildred Parker, Gail's sister kept the guest book.

The table was centered with a palm frond filled with tropical fruit and flanked with ornamental candles. Palm trees and colored paper lanterns added to the south sea island theme.

Entertainment included dancing to latest recordings by stereo.

### How; Who; What; When Is It Active?

Many of Florida's most outstanding business men and Public Servants have served as President of the Florida State Chamber of Commerce.

The Chamber's BOARD of Directors represent a cross-section of Florida's business, social and religious life, and the pros and cons of every major problem of State and National are represented and debated in Committee and Board meetings.

THE Chamber's National Affairs Committee, at its last meeting in Jacksonville on the 23rd was attended by more than sixty members, and its collective opinion was adopted by the Board as the Declaration of Policy of the Chamber, with very few changes that were debated in the open session. Those views are as follows:

**Federal Finance:**

A balanced budget, with definite provision for orderly retirement of debt.

**TAXES:** the tax burden should be distributed to all sections of the public.

Double taxation eliminated; cost of depreciable property recoverable free of tax with burden of proof on government; discriminatory selective excise taxes eliminated.

**International Relations:**

Based on mutual trust, mutual efforts and mutual fiscal support, with peaceful settlement of disputes.

United Nations Charter should be revised, and particular study of the veto right; member nations held responsible for prorata share of expenditures.

Foreign policy should be directed to betterment of United States rather than United Nations.

TREATIES should not abridge the rights of American citizens guaranteed by the constitution or laws.

**FOREIGN AID** — against long-term foreign aid, and favors substantial reduction; aid should be for friendly nations for military reasons primarily; economic aid should be on reciprocal basis, and American capital invested should be protected.

Urging foreign countries to be self-sufficient in food, education, disease and security.

**FOREIGN TRADE** — should be emphasized in the Western Hemisphere for its strength and self-sufficiency.

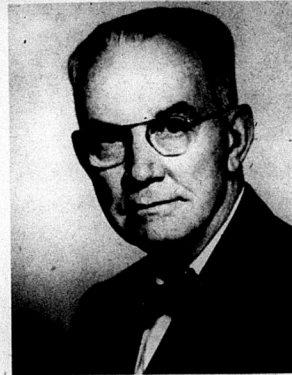

**"DIPLOMATIC CORPS:** best qualified personnel, and should receive proper training, adequate compensation; all diplomats and staff should learn the language and customs of the country of assignment, and participate in the life of the people.

**PFC Johnson**  
**Home On Leave**

PFC Larry D. Johnson, U. S. Marine, son of Mr. and Mrs. D. W. Johnson, of 832 NW Ave. D, Belle Glade, Fla., is home for a 30 day leave after completing his six weeks training at Camp Pendleton, Calif.

He will take 5 weeks of ground hand to hand combat training before going to Viet Nam.

He has enjoyed a trip to New York by way of Washington, D. C. and also several short fishing trips here in the Glades.

**GOVERNOR DOYLE CARLTON.** The Governor has maintained his intense interest in the work of the State Chamber, and is present at the meeting of the Board. The Governor, was very active in Flood Control work when it counted, both state and national levels. He was the key to securing the designation of the Okeechobee Dike as the Hoover Dike.

**CARL D. BRORIN, Gen. Mgr. of the Peninsular Telephone Co.** of Tampa since '38, has since his Presidency of the Chamber, served as Chairman of the Resolution Committee, and Director.

## Local Delegates Attend Adventist Fla. Conference

The 54th biennial constituency session of the Florida Conference of Seventh-day Adventists, meeting Sunday, March 6, at the church's Forest Lake Academy, near Orlando, returned W. O. Coe and H. F. Roll to office as president and secretary-treasurer, respectively, for the next two year term.

Also re-elected were all of the heads of departments. The executive committee of the conference, made up of pastors and laymen from various parts of the state, was enlarged to 13 members, and a newly organized church at Port Charlotte was formally admitted to the conference constituency.

About 600 delegates from all over Florida attended the session. Delegates attending from the Seventh Day Adventist Church in Belle Glade were Dr. George Randolph from Clewiston and Mrs. Esther Ford from Canal Point.

## Jewish Spiritual Leader Speaker At Dinner Of Honor

DR. I. LEHMAN

Dr. Irving H. Lehman will be the guest of honor and will give the main address at the Dinner of Honor, sponsored by the Jewish Federation of Palm Beach County at the Palm Beach Towers, Sunday, Mar. 20, 1966.

Dr. Lehman is spiritual leader of Temple Emanuel, Miami Beach, and will speak on "Jewry on the Local and World Scenes." He

will be presented with a plaque for his contributions to Florida Jewish Communities.

The Dinner of Honor is for the Combined Jewish Appeal. The cocktail hour will be at 6:30 p. m. and the dinner at 7:30 p. m.

Dr. Lehman has been connected with his congregation since 1943. From a membership of 250 it has grown to a membership of over 1,000 families. Over 2,000 worshippers attended his Friday evening services with hundreds being turned away for lack of room.

In 1964 he was chairman of the Greater Miami Campaign, a Jewish Appeal Campaign. In 1965 he was selected as one of a five-man interfaith team of clergyman, church by the Commission on Religious Organizations of the National Conference of Christians and Jews, to visit Russia and the iron curtain countries as a gesture of America's religious strength and beliefs. He is the tenth generation of his family to pursue the rabbinate in an unbroken chain. In recognition of his many contributions to the American Jewish scene, Temple Emanuel established the Dr. Irving Lehman Chair in Modern Jewish History at the Jewish Theological Seminary of America in New York.

He served for two years as a member of the Governor's Bi-Racial Committee. Dr. Manalan is chairman of the Combined Jewish Appeal and Morton Silverman is co-chairman.

Robert Rapoport is host chairman for the dinner and Mrs. Stanley Brenner is co-ordinator.

Both the program and Devotion were on the same subject entitled "Direct Message from Jesus to Women."

Mrs. George Farnall, chairman conducted the business meeting.

Sixteen members and one visitor were present: Mrs. Mildred Haney, Mrs. Dora McWhorter, Mrs. P. L. Burke, Mrs. W. R. Hooker, Mrs. W. R. Evans, Mrs. Ralph Kidder, Mrs. Tevis Hugely, Mrs. J. E. Heath, Mrs. George Farnall, Mrs. Ralph Newman, Mrs. D. C. Delaven, Mrs. E. C. Mapp, Mrs. F. E. Hollingsworth, Mrs. F. E. Fauders, Mrs. M. M. Sabiston, Mrs. A. S. Brennan and a visitor, Mrs. T. R. Gottfried.

Attending the social were Pandora Bus, Jerry Nehls, Bruce Baughman, Millie Kirchman, and their friends. Chaperoning the Leagues were Mr. and Mrs. Joseph Duda, and Mrs. Richard Roseman.

## First Church Of Christ Scientist

Continuing a study of the spiritual versus material concepts of substance, Christian Science churches this week will present a Lesson-Sermon on "Matter."

Jesus' parable of the tares and the wheat (Matt. 13) will be used for the responsive reading. Another of the Bible references to be considered is from II Timothy: "In a great house there are not only vessels of gold and silver, but also of wood and of earth; and some to honor, and some to dishonor. If a man therefore purge himself from these, he shall be a vessel unto honour, sanctified, and meet for the master's use, and prepared unto every good work."

A corresponding passage is from the Christian Science textbook, "The spiritual warfare between truth and error is only the mental conflict between the evidence of the spiritual senses and the testimony of the material senses, and this warfare between the Spirit and flesh will settle all questions through faith in and the understanding of divine Love" ("Science and Health with Key to the Scriptures" by Mary Baker Eddy).

Mrs. George Farnall, chairman conducted the business meeting. Sixteen members and one visitor were present: Mrs. Mildred Haney, Mrs. Dora McWhorter, Mrs. P. L. Burke, Mrs. W. R. Hooker, Mrs. W. R. Evans, Mrs. Ralph Kidder, Mrs. Tevis Hugely, Mrs. J. E. Heath, Mrs. George Farnall, Mrs. Ralph Newman, Mrs. D. C. Delaven, Mrs. E. C. Mapp, Mrs. F. E. Hollingsworth, Mrs. F. E. Fauders, Mrs. M. M. ## Church Of God Presents Eppey Sisters March 25

The regular Young People's service of the Belle Glade Church of God will be cancelled next Thursday, March 24, in order that a special service may be held on Friday, March 25.

The Famous Eppey Sisters will present a special program of music and preaching on Friday night at 7:30 P. M. They have just recently completed a world tour in the interest of the gospel. The instruments played by the sisters will be the Vibraphone, Harp, chimes two accordions used in Europe.

This the first appearance of the Eppey Sisters in Belle Glade and Rev. Madison Sindle urges everyone to mark this date on their calendar and come out and enjoy this program of music.

## Lutheran Church Service

The sermon theme for Sunday, March 10th, at St. Peter's Lutheran Church is "The Cost of Our Redemption." I Peter 1:17-25, Sunday school and Bible class, 9:15 a. m. Divine worship, 10:30 a. m.

The Mid-Week Lenten services held each Wednesday night at 8 p. m. continue the theme "In His Stead" as expounded in the sermonette and film-strip series. The theme for March 23rd is "The Uninvolved" Pontius Pilate, who by his very attempt to remain uninvolved in the crucifixion of Christ, became more deeply involved. Pilate acted against everything he felt and knew to be just when he gave Jesus up to be crucified. When we attempt to remain uninvolved in the injustices and suffering of the world we, too, become more deeply involved in the condemnation of Christ.

During this season of Lent you are invited to approach these services in sincere repentance, and depart in peace with the glorious words of the Gospel ringing in your hearts.

Both the program and Devotion were on the same subject entitled "Direct Message from Jesus to Women."

Mrs. George Farnall, chairman conducted the business meeting. Sixteen members and one visitor were present: Mrs. Mildred Haney, Mrs. Dora McWhorter, Mrs. P. L. Burke, Mrs. W. R. Hooker, Mrs. W. R. ## the Bible speaks to you

CHRISTIAN SCIENCE RADIO SERIES

"WHAT AM I SEEING?"

## WHAT DOES HE SEE?

What a birthday present! Young Dan can see all sorts of things with that telescope that are invisible to the naked eye. The sky, with its stars and its moon, seems so much closer.

Yet, there is still so much that remains unseen. The best instruments man can make are insignificant when measured against the scope and depth of God's universe.

That's where faith comes in. We know that there are other galaxies that can't be seen through even the most powerful of telescopes. And we know, too, that faith, though invisible, is the greatest power of all.

If faith is something that doesn't quite come across to you, the Church is the best place in the world to help you solve its mystery. If faith is already yours—what better way is there to reaffirm it than by going to church this Sunday?

## FOR THE FAMILY MANAGER

ITEM: The nutrients most often lacking in teenage diets are calcium and ascorbic acid. One reason for the calcium deficiency is not eating enough leafy vegetables and fruits result in a deficiency of ascorbic acid.

ITEM: Use electricity safely. Check equipment that meets the Underwriters' Laboratory safety standards. Don't stretch cords across traffic lanes. Avoid using frayed or damaged appliance cords, connect to outlets by holding the plug, not the cord; never handle appliance cords when hands are wet; and always unplug an appliance before removing it from the cord or cleaning it.

ITEM: Butter is the natural fat of milk. It is a rich source of vitamins A and contains 35 calories per teaspoon.

## Vaughan Monroe Band Plays At Harvest Queen Contest

Vaughn Monroe and his Band will be top attraction at the 1966 Harvest Queen Contest. The contest will be held in Belle Glade on April 2nd. Monroe's rich baritone will flood the minds of many with wonderful, nostalgic memories and give some Glades beauty, whoever she may be, a melodious send-off on her year's reign as our 1966 Harvest Queen.

Crowning of the New Harvest Queen will take place at the Belle Glade High School Auditorium, where the judges will make the selection from among forty-five contestants. Reigning Queen Faye Harris and her Court are prepared to bestow the honor in traditional pomp and circumstance, and to advise the 1966 Harvest Queen of her duties and obligations to her loyal subjects.

The task of selecting the new Queen has fallen to Don Asher, State President of the Florida Junior Chamber of Commerce, Jerry Loucheim, Fla. Executive Director of the Miss Florida Pageant, Delores Prebiano, State President of the Jaycee Auxiliary, Betty Robinson, of the Kathleen

Lowe Model Agency, and Vaughn Monroe. This year's prize to the winning girl is a four-day cruise on the S. S. Yarmouth, a wardrobe from the Red Shutter, and a ten-week modeling course at the Kathleen Lowe Model Agency at Palm Beach, and an album from Averill's.

The Talent Contest is scheduled for March 26, 23 girls are competing in the event, which will take place at the High School Auditorium, beginning at 7:30 p. m. Trophies and prizes will be awarded to the three most talented girls.

See photos of contestants on Pages 2-B and 8.

## Cattle Prices Jumped Again At Mon. Sale

Prices took another jump Monday at Glades Livestock Market. Pete Clemons manager, said there was a real good-run of cattle and good demand on all classes. Slaughter steers, heifers, cows, and bulls up from 50 cents to a dollar, slaughter calves up \$2 to \$3.

Stocker cattle were steady except calves which were up \$2 to \$3. The offering for Monday was 681 head for a total of \$72,798.42, 56 percent went to slaughter and 44 percent to stockers.

## Cigarette, Gas, Sporting Goods, Sales And Use Taxes Reported Above Previous Highs By Tallahassee

State Comptroller Fred O. Dickinson, Jr., said today that record high February sales and use tax figures of \$24,599,793 "confirm our state's solid business growth."

Dickinson said the February collections were \$1,981,738, or 8.78 per cent above the revenue collected in the same month a year ago.

Dickinson emphasized that the fiscal year sales and use tax collections also had climbed well beyond estimates.

In the same month, Dickinson reported, state gasoline tax collections for the current period totaled \$13,461,917. That was an increase of \$753,162, or 5.92 per cent more than was collected in February, a year ago.

Dickinson said the revenue commission figures also showed February collections are up for the state's five per cent wholesale sporting goods tax. Collections reached \$96,280, or 4.12 per cent above totals of the same month in 1965, according to the figures.

Fiscal year sales and use tax collections — from July through February have reached \$182,866,803, Dickinson reported, noting that this is \$15,102,744, or 9 per cent, more than was collected in the fiscal year period a year ago.

Calendar year collections of this tax source have reached \$54,455,239, or an increase of \$5,095,771 and 10.32 per cent above collections of a like period last year, the revenue commission statistics show.

Fiscal year gasoline tax collections are 5.86 per cent above revenue of a year ago, with the current total of \$103,660,846. That is a dollar gain of \$5,742,720.

Dickinson said revenue commission figures on the sporting goods tax indicate fiscal year collections of \$855,422. That is an increase of \$7,113 above receipts of a year ago.

Cigarettes taxes to Glades communities for the month of January totaled to \$30,309, distributed as follows: South Bay \$3,314, Clewiston \$5,174, Pahokee \$6,016 and Belle Glade \$16,805.

## FAMILY POT LUCK

By HELEN HALE

Soup's On! Make a thin white sauce and add to it 1 cup of grated raw carrots (or 1 quart of sauce) and top with shredded, smoked cheddar cheese.

Thinly sliced leeks or onions, carrots and celery cooked in chicken or veal broth make an excellent soup. Sprinkle with chopped chives and mace on a bed of whipped cream.

Blend together canned peas and tomato soup, then heat to serve. Top with sliced frankfurters or ham.

Cream of shrimp soup mixed with oyster stew and crabmeat (canned, cleaned and shredded) make a satisfying supper with chunks of homemade bread or toasted herb bread and cheese.

Leftover ham bone? Use with plentiful split peas and onion, carrots and celery for a thick, hearty soup. This with milk if necessary.

Make a white sauce with onion flavor or use a can of thinned celery soup. Add to it some cooked rice and shredded Swiss cheese for a windy day soup.

Helen's Favorite

Peanut Butter Fudge Sauce (Makes 3 cups)  
1 cup peanut butter  
2 squares unsweetened chocolate  
1/2 cup water  
1/2 cups corn syrup  
1/2 teaspoon salt  
1 teaspoon vanilla

Combine chocolate and water in saucepan and melt over low heat. Remove from heat, add syrup and salt; simmer 10 minutes. Add vanilla Cream peanut butter, add chocolate syrup slowly, blending well. Serve warm or cold over ice cream.

NOT HAPPENING... Catching a daytime photo of an Australian heeler is not as easy as it seems. The gentle heeler is not a dog, but a kangaroo, and the kangaroo, have pouches in which their young are carried. This one lives at a wildlife sanctuary near Melbourne.

### How Healthy Is Our City? Topic At Gove PTA Meet

Gove Elementary PTA will hear about the facts of our everyday life on the first day of Spring, next Monday night, the 21st of March, at their regularly scheduled meeting, when a two man team will give the health situation here in our town.

Belle Glade's City Manager Tevis Hugely will speak from the viewpoint of the water situation, and Mr.

Richard Murphy, Supervising Sanitarian of the Palm Beach County Health Dept. from West Palm Beach, will give the overall picture on the question "How Clean is Our City?" Mr. Murphy, who covers a multitude of inspection situations such as rooming houses, restaurants and sewage disposal, is well qualified to speak. He is the immediate supervisor of both the Pahokee and Belle

Glade Public Health Offices, and keenly interested in this area, and its improvement.

The health climate in the school will also be brought into focus, and audience participation is expected. Mr. Murphy stated, when contacted, that he expected to bring along with him two new employees of his department who would be located in this area.

During the business session, the Room Mothers' Committee is expected to give a report on the progress of the air conditioning project for Gove School, and detailed plans will be given in regard to the coming Bazaar and supper. A sampling of handmade items which will be offered for sale at the Bazaar April 16, will be on display at the meeting. Home baked cakes may be purchased following the meeting, with the proceeds to go toward the air conditioners.

Social Security and Medicare are pegged to age 65. It would be a great nuisance to change things. Some businesses would lose money, or at least would have to raise prices. There would be no money in it. There would be no money in the ranks of employers and government and welfare people whose thinking is attuned to your stopping work at 65. ## De La Iglesia

ST. PATRICK'S DAY — Hoy día 17 de Marzo, es el día de San Patricio, patrono de Irlanda. Su nacimiento tuvo lugar alrededor del año 389, en la frontera entre Inglaterra y Escocia, cerca de la moderna ciudad de Dumbarton. El nombre Británico del santo, era Suat. Patrick es la forma Inglesa de su nombre Patricius, en Latin.

St. Patrick es un santo de la Iglesia Católica Romana, tuvo una vida romántica, llena de aventuras. Fue capturado por piratas de Irlanda a la edad de 16 años. Lo llevaron allá, y lo pusieron a cuidar los rebanos de uno de los jefes en Ulster. Seis años de esclavitud lo hicieron un devoto Cristiano. Escapó a Francia y se hizo monje. En 432 una visión que tuvo lo hizo volver a Irlanda como obispo misionero. Trabajo con empeño en varios lugares de la isla todo el resto de su vida. Sus labores tuvieron tanto éxito que llegó a ser conocido como la persona que "encontró a Irlanda toda pagana, y la dejó toda Cristiana." St. Patrick fundó mas de 300 iglesias y bautizó mas de 120,000 personas.

Muchas leyendas se formaron alrededor de este popular santo. Una es que utilizaba el trébol para ilustrar la enciclopedia de la Trinidad, que cantaba a las serpientes de Irlanda dirigiendolas a las orillas del mar, donde entraban al agua y se ahogaban.

El Padre Villarrón viene el viernes para dar un retiro a todas las señoras de habla Española, en Belle Glade, en la Iglesia St. Philip Benizi. Será de 9 a. m. hasta las 3 p. m. Lleven su lunch, y en el Hall de la Iglesia se dará café o coca cola. También tendrán servicio de baby-sitting para cuidar sus hijos. Agradecemos su cooperación.

ban. Mucho mas se cuenta de St. Patrick que resulta legendaria. El dejó una especie de autobiografía en su "Confesion" escrita en rudo Latin.

Muchas reliquias de este santo se conservaron por mil años, pero algunas fueron destruidas durante la Reforma. Una campanilla cuadrada de hierro que dicen era de él, se halla en el Museo de Artes y Ciencias de Dublin. Una antigua alca de piedra se halla sobre la Roca de Cashel. Mucha es la historia de cómo se hizo hecho sobre St. Patrick, pero poco que sobrepasa del testimonio de sus propios escritos puede ser aceptado como cierto.

La fiesta de St. Patrick que se conmemora hoy, es celebrada mundialmente donde quiera que se encuentren los Irlandeses.

Saint Patrick's Cathedral, famosa Iglesia Católica, en la Quinta Avenida de New York, es desde 1879 un tradicional lugar de reunión para festejar este día. Su muerte en Marzo 17, 461, ha sido observada en América desde tiempos coloniales (1845). Se celebra en hogares, iglesias, colegios y lugares de entretenimiento. Mercaderes venden ropas especiales, flores, tréboles, y tarjetas. Hay paradas en algunas ciudades, y en New York comienzan los preparativos para el día de St. Patrick desde el comienzo del año nuevo. Este es un gran día para los "Irlandeses".

Mas de 200 altar boys (monaguillos) en toda la Diócesis de Miami recibieron el Premio Serra, en la Catedral St. Mary de Miami, de manos de nuestro Obispo Coleman F. Carroll.

El domingo pasado en la Iglesia St. Philip Benizi se dieron las primeras amonestaciones para la boda de los jóvenes Guillermo Almeida y Maria Pita, ambos residentes de Belle Glade.

## Sears Representative Speaks To Student Body

On March 9, 1966 all of the students of Lake Shore High School attended a special assembly in the gymnasium.

The purpose of this assembly was to inspire the students, and citizens in this city to help keep Belle Glade clean and sanitary.

During the assembly the speaker, Mr. W. W. "Fat" Patenhorst, Jr., showed some educational and fascinating slides which were enjoyed by everyone.

Mr. W. W. "Fat" Patenhorst, Jr., was born in the West End Section of Atlanta, Georgia. He received his primary schooling at Joseph's Academy in Loretta, Florida after which he obtained his preparatory education at Bolles Military Academy in Jacksonville, Florida. He then attended Washington and Hesse University and LSU. He also served two years with the Army.

Mr. Patenhorst, Jr., started his business career with Sears Roebuck and Company in 1944 in Atlanta, Ga. He is presently in Sears Southern Territory Organization and is the director of Civic and Educational Programs of Sears — Roebuck Foundation and director of Urban Affairs in the Public Relations Department.

## "Quotations Anyone?"

Hi, this is Johnny Ellison, the author of "Quotations Anyone?" This week I have another exciting list of quotations for you. Put the correct alphabet at the left of the right quotations.

1. Knowledge: "If a man empties his purse into his head, no man can take it away from him. An investment in knowledge always pays the best interest."
2. Sincerity: "Use no hurtful deceit; think innocently and justly; and if you speak, speak accordingly."
3. Courage: "These are the times that try men's souls."
4. War: "Never in the field of human conflict was so much owed by so many to so few."

## Lake Shore Scouts Celebrate Birthday Week

The Girls Scouts of Lake Shore High School celebrated their annual Girl Scout week. This week is celebrated every year during the early part of March. Each day during the Girl Scout week is celebrated by extra curriculum activities.

Sunday, Sabbath activity: Monday, Home-making Day; Tuesday, Citizenship Day; Wednesday, Health and Safety Day; Thursday, International Friendship Day; Friday, Arts and Crafts Day; Saturday, Out-of-Doors Day.

On Wednesday, March 9, 1966 the Girl Scouts of Troop 194 entertained one-hundred and thirty Brown-

ies and Cadets in the Lake Shore High School cafeteria.

Some of the activities that went on in this celebration were: Greetings by Sharon Butts, introduction of members by troop leader, Mrs. Ellie Groat, poems by Sandra Daniels (Invictus) and Lula Carrigan (Creation), and a creative dance (Wade in the Water) by the entire Troop 194.

Refreshments were served after the program.

## Coming Attractions!

"Inherit the Wind" by Jerome Lawrence and Robert E. Lee will be presented by the senior class, Mar. 31, 1966.

Members of the Dramatics Club will present "Who Killed Aunt Caroline," a three-act mystery-drama, April 30, 1966.

Don't fail to see both of these productions.

## D. C. T. News

The Lake Shore D. C. T. Club is now making plans for the State Leadership Convention to be held in Orlando, Florida on May 12 through 14.

The members of the D. C. T. Club have chosen Mildred Johnson and Gloria Dean McCall as delegates from their club.

## Bobcats Champion Of Tourney

On March 4th and 5th the All District Tournament was held in the Lake Shore Gymnasium. The participating teams were Dunbar of Fort Myers, North Dade of Opalocka, Carver of Delray,

and Lake Shore, Belle Glade. The first game was played Friday night between Carver and North Dade. Carver rolled on to victory by a score of 70-66. The second game was played between Dunbar and Lake Shore. Lake Shore defeated Dunbar by a score of 84-74.

The championship game was played Saturday night between Carver of Delray and the mighty Bobcats of Lake Shore. At half time the scores was 31-21 in the Lake Shore favor. Charles Haynes who hit 47 points in the first game and 23 points in the championship game was selected most valuable player.

## "Sophomore Poll"

Question: What do you think of the Sophomore girls this year?

**BOYS**  
ERNEST E.: "Well, they're just too 'Stunky' for me."

CURTIS P.: "They need to take each and everyone of them and drop them off in a lake somewhere."

JOHN H.: "I think they're sweet, nice, lovely, beautiful and wholesome young girls."

JAMES F.: "I can't say, I just don't see to much in me."

JIMMY P.: "I like them, especially the short ones."

FREDDY H.: "Well, a girl is a girl, to me, whether she's a sophomore or freshman."

ALTON J.: "Take a tip from me, get a girl friend from any grade except 10th."

STEVE L.: "Well, some girls have it, but the sophomores don't."

HERMAN P.: "They just don't make them like they use to."

PAUL S.: "I'd rather not talk about them, I just finished eating."

FRANK E.: "Don't make me laugh."

ROBERT D.: "So, that's what they are?"

LEROY T.: "They're just a little bit too tall, you know what I mean?"

What's the rush? Say fellows, wait for me! Let's not crowd the corridors, after all the sophomore girls attend the same classes that we attend.

## Truckers Opposed In Extra Rate Try

In increase in minimum costs of truck shipments between Palm Beach County and eastern states which will cost local residents more than \$10,000 a year in extra charges was revealed here today by James W. Lee, Director of the Palm Beach County Freight Traffic Bureau.

Lee described the action of the truck lines as "highly discriminatory" and said that the County's Bureau has filed a petition with the Interstate Commerce Commission for immediate suspension of the increase.

The increase, which would raise minimum charges on truck shipments an average of 70 cents, is scheduled to be put into effect on March 21, Lee said.

The Bureau's Director declared that the truck lines involved are "already enjoying high earnings and this increase is totally unnecessary, serving only to severely penalize the smaller shippers in Palm Beach County who have no alternative method of shipping."

The increase will jump minimum charges of shipments between the local area and New York from the present \$6.83 to \$7.45. Lee said. Charges from and to other eastern areas will be even higher, bringing the average increase up to 70 cents.

Lee said his Bureau and county officials also are preparing to fight a threat of two large truck lines to discontinue service from Palm Beach County and other parts of Florida to and from the mid-west.

He said the two lines presently operate joint routes with others carriers in and out of Florida and that curtailment of this through service could "set an extremely serious precedent which, if followed by other truck lines, would hamper our county's efforts to attract industry."

Lee pointed out that one of the demands of almost all industrialists seeking sites in this area is assurance of adequate truck services to all parts of the nation.

The Traffic Bureau, according to Lee, is seeking the assistance of the state

government and other traffic bureaus throughout the state to join in efforts to force the truck lines to continue operating.

### South Bay Commission (Continued From Page 1)

tual Insurance Casualty Company, the Commission was advised.

Commissioners instructed Chief of Police Senecal to talk to "Buddy" Collins, and to tell him that the city will not accept his bonds until the matter is straightened out.

Mr. Drennan R. Pugh told the Commission that he represented "Buddy" Collins, who could not attend the meeting. Mr. Pugh stated that the present ordinance controlling loudspeaker advertising in the city limits was causing "Buddy" Collins, of the new Paradise Club on SR 80, an unnecessary delay and expense.

"We advertise once a day 3 or 4 times a week, and will go every week 52 weeks of the year, and every time we want to advertise we have to come to city hall and get a \$2.00 permit. We can't afford it," Mr. Pugh stated.

City Attorney Claude Jones said that the present ordinance required such advertisers to take out a yearly license for \$5.00, and to obtain a \$2.50 permit each time they advertise by loudspeaker. The Commissioners instructed Mr. Jones to prepare an ordinance permitting the Paradise Club, or anyone wanting to so advertise, to take out a yearly permit for \$5.00, or a semi-annual permit for \$25.00.

The new water plant and distribution system came up for discussion, this time in connection with damages sustained by residents of Henderson's Trailer Park when a jammed out-of-value at the plant caused pressure to rise beyond safe limits. Seventeen safety valves on hot water heaters "went off" in the trailers, causing \$625.87 of damage.

The City Clerk advised Commissioners that under its insurance contract the city had to pay the first \$250.00. Commissioners instructed that the \$250.00 be paid, but that the clerk and

## Regional Science Fair April 1-2

This year's regional Science Fair for the schools in Palm Beach and five neighboring counties, will be held this year at the Fair Ground Southern Blvd., West Palm Beach, April 1-2. Superintendent Robert W. Fulton and members of the county school board urge all members of the public to visit this important event when the county's young science talent will be on display.

The Fair will be open to the public April 1 from 5 p. m. till 9:30 p. m. In addition to Palm Beach County, entries are expected from Martin, St. Lucie, Hendry, Glades and Okeechobee counties. The 10 outstanding projects at this Regional Science Fair will be eligible to enter the State Science Fair at Bradenton, April 14-15.

## County Welfare Roll

Reverend Paul M. Cussen, Chairman of District 10 Welfare Board of the State Department of Public Welfare reports that during the month of February in Palm Beach County a total of 2,437 persons received Old Age Assistance in the amount of \$117,967. 122 persons received Aid to the Blind totaling \$7,531. 1,231 families received Aid to Families with Dependent Children in the amount of \$78,000.

There were 3 adoption petitions studied for the Circuit Court. These are children placed in homes independent of service through a licensed child placing agency, and the Welfare Board is responsible according to law to make these reports to the court.

The Glades is represented on the District 10 Welfare Board by Mrs. M. H. Bleech, Pahokee.

## Lake Coast Guard Base Sought By "Bud" Weaver

The FCD Board endorsed a request from E. W. (Bud) Weaver, Palm Beach County Commissioner, urging that a permanent Coast Guard base be established at Clewiston. No life saving or Coast Guard facilities now exist anywhere on Lake Okeechobee, the Board was told by Howard Banta of Fort Myers, Executive Secretary of the Okeechobee Waterway Association.

Banta said that a lot more boat traffic can be expected on the Lake as the Army Corps of Engineers has just announced that locks on the Okeechobee Waterway will be operated 16 hours a day beginning about July 1 — from 6 a. m. to 10 p. m.

Next meeting of the Governing Board will be at 9 a. m. Friday, April 8, at headquarters of the Flood Control District in West Palm Beach.

## Fifth Shot In Head Makes Death Certain

The County Sheriff's office reports that Jesse Statewright, 36, Okeelanta Sugar Refinery tractor operator, is being held in the County jail in West Palm Beach in connection with the fatal shooting last Sunday of James Spencer, 53.

Both men lived at Okeelanta labor camp barracks. Statewright claims to have been threatened with a knife by Spencer while driving his car. Later in the evening at the barracks tempers flared again and Statewright fired four shots at Spencer from a 22 caliber pistol. Spencer ran a short distance and fell to the ground. Statewright went to the recumbent man, and fired a fifth shot into his head. Deputies stated.

Mrs. Happy Ogle, who had major surgery on Feb. 28 at Glades General Hospital was released last Thursday and is getting along as well as can be expected, although she will be confined at home for another two weeks before being well enough to be up and around.

# Okeechobee Waterway Assn. Nearing Three-Year Goals

It has been approximately 3 years since the O. W. A. was formed and adopted three goals. In that time two of its 3 goals have already been accomplished: The establishment of a minimum criteria for all bridges, and the obtaining of a minimum of 1200 hours, daily continue is looking facilities.

The third goal of the Association calls for a minimum navigation channel of 12' depth and 125' bottom width. Even this goal does not appear to be as distant as might be believed. When present authorized work is completed the navigation channel across Florida will have a 12' depth for all its 166.3 mile length with the exception of a distance of only 36.2 miles. There remains a distance of 21.1 miles on the western end that will have a controlling

depth of 10' and a 15.1 mile stretch on the eastern end with a project depth of only 8'.

This 15.1 mile portion on the eastern end extends from the St. Lucie Locks to the Atlantic Intracoastal at Stuart-Jensen Beach. The programs of the Okeechobee Waterway Association for the fiscal year 1966-67 calls for the improvement of this stretch to a minimum depth of 10' and 125' bottom width, eventually giving a controlling minimum depth of 10' across the entire Okeechobee Waterway. Every assurance has been given the Association by our Tallahassee officials that this project will be included in the program for the development and improvement of the Waterways of Florida.

## U. Of Fla. Homecoming Oct. 28-29

Homecoming weekend at the University of Florida in 1966 will be held Oct. 28-29 in conjunction with the Florida-Auburn football game.

The date was chosen by a committee composed of Dean of University Relations and Development Alton Robertson, Student Government President Buddy Jacobs, Ferdinand Beach, and Florida Blue Key President Bruce Starling, Kissimmee.

The annual alumni gathering on campus attracts 60,000 persons for the Homecoming parade, Gator Bowl the student-sponsored talent show — and a series of reunion breakfasts, dinners and meetings of various classes and organizations.

## Savings Bonds' Interest Raised To 4.15 Percent

United States Savings Bonds are now a more attractive investment than ever before, Jerry Thomas, Chairman of the Palm Beach County Savings Bonds committee, said today, in commenting on the increase in interest on Series E and H Bonds to 4.15 percent.

Mr. Thomas pointed out that the new rate applies from December 1, 1965 to all Savings Bonds, old and new.

"That means," he said, "that between 30 and 40 million Americans who now hold more than 49 billion dollars worth of Series E and H Bonds will automatically increase their earning

"Now, more than ever, it is both practical and patriotic to buy and hold U. S. Savings Bonds."

Under the new rate, announced by President Johnson, Series E Bonds will return \$100 for each \$75 invested after a maturity period of seven years. The rate increase in the case of H Bonds, which are bought at face value, will be reflected by larger semi-annual interest payments.

"Considering the destructibility feature of Savings Bonds and the absolute guarantee of principal and interest, this is the finest dollars worth of Series E and H Bonds will automatically increase their earning

## Indian Reservation Gets Water Control Facilities

A new pumping station to be maintained by the Central and Southern Florida Flood Control District will alleviate periodic flood conditions for Seminole Indians whose forefathers camped on tree islands in the marshy Everglades. Bids for construction of the station will be opened April 7 by the Army Corps of Engineers which supervises building of structures, levees and canals to be operated and maintained by the FCD.

Cost of the station is estimated at \$1 million. It will be located about 50 miles west of Fort Lauderdale within the State Seminole Indian Reservation about 40 miles south of Lake Okeechobee at Levee 28 on the western edge of FCD Conservation Area 3.

Water pumped from the Indian lands to help reduce flooding within a 110 square mile area will flow into the Conservation Area, a sprawling water storage-wildlife preservation tract north of Everglades National Park.

The successful pumping station bidder will be required to construct a 26 foot wide building 110 feet long to house huge pumps already purchased at a cost of \$451,338. Pump installation is scheduled early in 1967, but the contractor for the pumping station will be permitted more than two years (810 calendar days) to complete the entire job.

The pumping station is part of a comprehensive \$8.8 million water control project for a 508-square mile area, including the State Seminole Indian Reservation and Big Cypress Indian Reservation, according to Ed Dail, FCD Executive Director.

He said the overall drainage area is located in north eastern Collier County, southeastern Hendry County and the western strip of Broward County.

Improvements already

have been made in the area. They include networks of canals and levees, including more than 30 miles of Levee 28 at the western boundary of Conservation Area 3. Future plans call for the extension of L-28 so that existing sections are joined. Construction now is under way on L-28 Interceptor Canal and feeder canals north westward through the two Indian reservations.

The project will help to make the Seminole Indians self-supporting. They plan to raise cattle on improved pastureland made possible through water control measures.

Podiatrists are foot specialists.

# Miami Aqueduct And Park Get Water

Ed Dail, Executive Director, told the Board that two of the largest pumping stations in the Flood Control District are now being operated around the clock transferring water from Lake Okeechobee to Conservation Area 3.

He said Stations 7 and 8, located on the Palm Beach

Broward County line, are now moving approximately 2,500 cubic feet of water per second from the Lake to the vast Everglades wildlife and water storage area north of Everglades National Park. At the Tamiami Trail, 40 miles south of Palm Beach County, gate openings at four large spillways have

just been increased, Dail said, and now 1,000 cubic feet of water per second are flowing into the National Park, or 646 million gallons daily.

Dail said the new total flowing into the U. S. Park represents the third major boost to the Park within the past month.

In mid-February, the FCD authorized a 20-fold increase — from 10 to 200 cubic feet per second — through the Tamiami Trail spillways, up from 6.4 to 130 million gallons daily.

Then February 28 discharges were hiked again from 200 to 500 cubic feet per second (up to 323 million gallons daily).

Dail said Lake Okeechobee is now above regulation stage, and the Army Corps of Engineers has announced that releases from the Lake to tidewater are imminent. However, any such releases will be minimized because of the 24-hour District pumping operations, he added. The Corps has agreed to pay a portion of the Lake-pumping expense.

In addition to the water being pumped, three large spillways in U. S. Highway 27, on the east side of Conservation Area 3, are now discharging more than 6,000 cubic feet per second from Conservation Area 3, which is over regulation, into Area 3.

North of the National Park water stages are still below schedule. But the quantities being released into the Park are being made possible because of recent rainfall, plus the gravity discharge and pumping from the north.

Water will continue flowing into the Park at the present rate as long as Lake Okeechobee is over schedule and conveyance can be maintained overland in Conservation Area 3.

At such time as these conditions do not prevail, releases will be cut back to the rate of 500 cubic feet per second into the Park. The action was praised Friday by Frank Nix, hydrologist for the National Park.

"How far south in the Park has the water gotten?"

asked Robert L. Searle of Coral Gables, Vice Chairman of the FCD Board. Nix said, from aerial observation, it appears the new, increased discharges have flowed overland at least several miles. However, he added the Park has water gauges, and these will be used to "measure the rate of flow" in the Park, which Nix called "one valuable result of these discharges."

"I REMEMBER" BY THE OLD TIMER

From Garret Hill, Seagraves, Texas: I remember when some 10 mail carriers delivered mail on motorcycles. Kids were afraid to go out during winter storms to ward off common winter ailments.

General merchandise stores carried everything from hoop cheese, small, entire plates to bugles and names. Now drug stores are doing practically the same thing.

High blood pressure was relieved with concentrated garlic. Kids were afraid to go out during winter storms to ward off common winter ailments.

You could see a movie, girls show, and wrestling match all for the price of 10 cents in the balcony.

A lot of folks kept their teeth pearly looking by brushing them with snuff or an elm of hickory "toothbrush."

Hairstuffs were a dime and a shave cost a nickel. Saturday night was a regular bathing night in the washbasin. And since it's non-volatile, there's no danger of drift to adjacent, sensitive crops.

"We're proud of this step," declared Rupert Mock, bank president, "because it marks a milestone for the bank and for our customers. This electronic equipment will help us to give faster, more satisfactory service."

The Bank of Pahokee is adapting the Age of Science to better serve its customers. The Bank of Pahokee has installed 3 new electronic bookkeeping machines for its checking account department. They will replace 3 conventional machines.

The purpose of the machines, according to the bank is to speed service, take the drudgery out of detail work for its employees, and assure time-honored standards of accuracy with far less effort.

"We're proud of this step," declared Rupert Mock, bank president, "because it marks a milestone for the bank and for our customers. This electronic equipment will help us to give faster, more satisfactory service."

"It does not mean however, that we're substituting a cold machine for the friendly, personal service that has always been our trademark," he continued. "We're using a product of modern research, but we are not letting science use us."

Food Intake The average person eats about fifteen hundred pounds of food each year—over a ten year period this would add up to seven and a half tons.

## Photography Contest Open To PBC Students

Plans are underway for the 16th annual Student Photography Exhibit and Contest at the Society of the Four Arts, Palm Beach, April 8 through 24, according to Mrs. Charles Baird, chairman of the Four Arts Junior Activities Committee sponsors for the show.

The contest is open to all students of Palm Beach County Junior College who will be classified into three age groups. 2 photographs may be submitted in each of two classes: (a) black and white and (b) color for a total of not more than four and the pictures must be eight by ten inches in size without mats.

Three cash awards will be given in each age classification and within each of the two class entries. Information to be attached to photographs includes name, address and telephone number of student with grade and name of school and picture title. There is no entry fee and pictures must be submitted to the Four Arts by March 29.

A jury to be announced later, will award the cash prizes and select prints to be shown in the exhibition.

Slow Thaw Ice cream that's too hard to dip can be allowed to stand about 10 minutes at room temperature or about 30 minutes in the food storage section of the refrigerator before serving.

Keep Records Keep records of all forms of income, including dividends and interest from stocks, bonds, and savings accounts. If you cash government bonds, record the interest as income. Adequate records may save you tax money and will ease the job of preparing income tax returns.

Any car that looks like this is unfair to organized competition.

And if Wide-Track styling doesn't prove it for you, take a look at the way we're outselling all but two makes for the sixth straight year. Or take a look inside one of our 40 Pontiacs. You'll find carpeting, genuine walnut and all the roominess Pontiac is known for. Or peek at one

of the 15 renowned Pontiac engines. And if you're still hard to convince, take a look at what that price sticker does to those other cars. It's a conspiracy, that's what it is. And more people have been taking part in it than ever. How about you?

**Kill this pellitory weed in sugar cane. Use Atrazine. Here's how:**

When you see pellitory weed starting to grow, apply Atrazine 80W herbicide, plus a little surfactant. You'll clean out infestations of this winter annual fast and effectively without hurting cane.

Atrazine is safe to sugar cane. It will not injure your crop when you apply it as directed on the label. And since it's non-volatile, there's no danger of drift to adjacent, sensitive crops.

Even though Atrazine has proved to control pellitory at any stage of growth, early treatment assures best results. With pellitory under control early, you grow more sugar cane per acre.

That's because Atrazine prevents pellitory from interfering with sugar cane tillering. Also, Atrazine helps make soil moisture and nutrients available for your cane, and not for pellitory weed.

So plan now to grow the maximum tonnage of sugar cane from each acre you plant this season. Just use Atrazine to control pellitory weed this winter.

Contact your local supplier. Or for more information, write us. Geigy Agricultural Chemicals, Division of Geigy Chemical Corporation, Ardsley, New York.
